Education

- **Berry College** — Rome, GA
  Bachelor of Science in Mathematics and Physics with Honors; GPA: 3.98 — *August 2022 – May 2026*

Experience

- **Spelman College** — Atlanta, GA
  Mathematics Instructional Support Specialist — *August 2026 – Present*
  - Support seven classes per semester ranging from Algebra to Real Variables
  - Hold office hours, lead recitation sessions, and grade quizzes and tests for each class
- **National Math Stars** — Wilmington, NC
  Math Mentor — *August 2026 – Present*
  - Hold weekly mentoring sessions with small groups of elementary age students
  - Support the mathematical development of students through guided activities and problem solving sessions
- **Mathematical Staircase Inc** — Ardmore, PA
  PRiME FACToR — *June 2026 – July 2026*
  - Ensured the well being of the program participants
  - Provided written feedback on the student's proofs
  - Taught lessons on probability, modular arithmetic, surreal numbers, and the Gauss map
- **Berry College** — Rome, GA
  Mathematics Teaching Assistant — *January 2024 – May 2026*
  - Graded homework assignments and provided personalized feedback for Calculus 1 and 3 courses
- **Berry College** — Rome, GA
  Mathematics Researcher — *May 2023 – August 2025*
  - Worked on a Network based Epidemics research project
  - Phrased a sports scheduling problem as an Integer Program
- **Bounty and Soul** — Black Mountain, NC
  Local Foods Intern — *May 2024 – July 2024*
  - Worked with local farms and gardens to harvest food to be donated for free markets

Research Projects

- **Honors Thesis**: Introduced a stochastic model for the time saved while speeding with traffic lights, calculated the expected value, and constructed bounds for variation
- **Sports Scheduling IP**: Formulated a SAA sports scheduling problem as an Integer Program, using Gurobi to solve the IP for optimal Schedules
- **Adjadency Graphs of Planar Tangles**: Introduced a graph structure on sets of Planar Tangles, bounded various graph properties, and calculated large examples of the graphs
- **Network Modeling of Strangles Epidemics**: Created a network based model of the epidemics of the strangles virus and tested the model for various parameter values

Awards and Honors

- **2026 Barton Mathematics Award:** Berry College
- **2025 Walt Paterson Prize:** MAA SE Section Meeting
- **2023 McCoy Scholars Grant:** Berry College

Skills

- **Languages**: Java, Python, Sagemath, Maxima, Mathematica, Racket **Technologies**: LaTeX, Gurobi

Involvement

- Bonner Scholars Program, Phi Kappa Phi Honors Society, Sigma Pi Sigma Physics Honors Society
